OPINCUR. TOMORROW, TOGETHER.

WHITE PAPER

OPINCUR.COM   PAGE 0

OPINCUR - a Web 3.0 ecosystem for business, technology, and digital assets. We are building next-generation infrastructure by bringing together four key areas:

OPINDEX - a decentralized exchange for secure and transparent trading of digital assets.

BUSINESS ALLIANCE - a global space where individuals and businesses exchange value directly — without borders, bureaucracy, or unnecessary risks.

OPIN.ART - a platform for creating art, selling, and integrating NFTs into the real-world economy.

OPINPLAY – tools for new forms of digital economy: from gamification to full ownership in virtual worlds.

OPINCUR is more than just an ecosystem. It's a step into a digital world where people have true control over their choices, assets, and creativity. We are building tools that work and creating a space that belongs to you — free from pressure and restrictions, with full respect for the freedom, potential, and dignity of every participant.

OPINDEX

THIS IS THE OPINCUR DEFI EXCHANGE

DECENTRALIZED FINANCE

OPINDEX is a decentralized exchange where you can trade cryptocurrencies, exchange tokens, and participate in projects — with no registration, no identity verification, and no unnecessary steps. All you need is a wallet, and you can start right away.

We are building a platform where all actions remain under the user's control, and where every participant contributes to the overall success.

WHAT DO WE OFFER?

- **FULL DECENTRALIZATION** No registration or KYC checks. Simply connect your crypto wallet, and you're in. Everything operates via smart contracts.

- **WEB 3.0 SECURITY** We do not hold your crypto. You control your wallet and interact directly with the OPINDEX platform.

- **TRANSPARENCY** Anyone can create their own token, start trading, and add liquidity. Everything is simple and transparent.

- **USAGE OF THE CIO TOKEN** The CIO token is used to pay fees on OPINDEX, as well as to access premium features and other opportunities on the platform. This makes CIO an essential element of the ecosystem and enhances its value with every user action.

- **BUYBACK THROUGH THE F.B.C FUND** 50% of the profits from all transactions on OPINDEX and other projects in the ecosystem are directed to the F.B.C fund, which uses these funds for the buyback of CIO tokens from the market.

BUSINESS ALLIANCE

OPENING NEW HORIZONS FOR BUSINESS

The world is rapidly moving towards decentralized technologies, and **OPINCUR BUSINESS ALLIANCE** is your key to successful integration into Web 3.0. We are building a unique ecosystem where entrepreneurs, investors, and users can interact efficiently using transparent, secure, and innovative blockchain solutions.

OUR GOAL is not just to offer a platform but to create a hub of opportunities that will accelerate the growth of your business and open new horizons.

WHAT DO WE OFFER?

OPINCUR BUSINESS ALLIANCE is much more than just a platform. We are developing a dynamic and flexible ecosystem for businesses, providing all the necessary tools for growth and expansion in the digital Web 3.0 era

- **ACCEPT CRYPTOCURRENCY PAYMENTS FOR GOODS AND SERVICES** Easily integrate crypto payments into your business and expand your audience.

- **GUARANTEED TRANSACTION SECURITY** Funds are locked until all obligations are met, minimizing risks.

- **FLEXIBLE COMMISSION SYSTEM** We adjust fees based on your business volume, helping you save on transaction costs.

- **PROMOTION IN WEB 3.0** We help your business access the new digital market and reach a global audience.

- **CONNECTING PARTNERS AND INVESTORS** Join a community where partners, entrepreneurs, and investors come together for mutual growth.

BUSINESS ALLIANCE
BOUNDLESS PARTNERSHIPS IN THE WEB 3.0 ERA
BUSINESS TOKENIZATION

BUSINESS   **CLIENTS**

OPINCUR BUSINESS ALLIANCE / TRUST is the foundation of successful business, and we understand that. We address one of the biggest challenges in traditional trade—the lack of trust between buyers and sellers. Our blockchain solutions ensure complete security, while our funds-locking system makes every transaction transparent and fair, so you can be confident in the outcome!

1 **YOU ORDER A PRODUCT OR SERVICE** (for example, a package to be delivered in a month or a website to be built). You and the seller quickly agree on the timeline, and this agreement is recorded in a smart contract—a trusted digital assistant that oversees the deal.

2 **CRYPTO ASSETS ARE LOCKED IN THE SMART CONTRACT.** The seller cannot access them until they fulfill their obligations. This ensures fairness: the seller knows the crypto assets are secured, and you're confident that they'll only be released once everything is completed as promised!

3 **CHECK IF EVERYTHING IS DONE CORRECTLY.** The seller sends the package or completes the service (e.g., delivers your finished website). You review it to ensure everything meets your expectations.

4 **IS EVERYTHING GOOD?** The crypto assets are automatically released to the seller. If the agreed-upon time passes and you haven't raised any complaints, the smart contract automatically transfers the crypto assets to the seller. You receive your package or service, they get their crypto assets—everyone's happy! Alternatively, if the seller completes the work early and you're satisfied, you can press "Approve Now" to release the crypto assets to them sooner.

SOMETHING WRONG? If the seller fails to deliver the package or complete the service, press "File a Complaint" before the deadline. We'll investigate: if the seller has fulfilled their obligations correctly, they'll receive the crypto assets. If not, we'll step in to ensure you're satisfied with the resolution!

2%
1,5%
2.5%
2%

FLEXIBLE COMMISSIONS

OUR UNIQUE COMMISSION SYSTEM is not just a way to reduce expenses. It is a strategic tool designed to stimulate your business growth. The more trust in our CIO token, the more profitable it becomes for you to operate.

FLEXIBLE COMMISSION STRUCTURE

PAYMENTS / SOL, USDC, …	PAYMENTS / CIO
$1,000 PER MONTH → 2.5%	$1,000 PER MONTH → 2%
$1,000 TO $10,000 → 2%	$1,000 TO $10,000 → 1.5%
$10,000 TO $50,000 → 1.5%	$10,000 TO $50,000 → 1%
$50,000 AND MORE → 1%	$50,000 AND MORE→ 0.5%

USE CASE EXAMPLE Imagine an online store that starts accepting cryptocurrency. Initially, it pays a standard commission of 2.5%. As sales volume grows, the commission automatically decreases — to 2%, then 1.5%, and can go as low as 1%. If the store begins using its internal token, CIO, the commission drops even further — down to 0.5%. This helps significantly reduce costs, making prices more attractive for customers and accelerating business growth. Not only does this lower expenses, but it also offers customers unique benefits, making purchases even more rewarding and encouraging repeat buying.

BUSINESS ALLIANCE

CURRENTLY IN DEVELOPMENT

OPINCUR BUSINESS ALLIANCE

OPINCUR BUSINESS ALLIANCE is an innovative ecosystem built for entrepreneurs and customers in the Web 3.0 space. We offer a free and secure platform that simplifies trading any goods and services. Here, any business—new or established—can seamlessly transition to Web 3.0. Even if you're a beginner, don't worry—we've got your back, and together we'll unlock new opportunities without any unnecessary restrictions!

FREEDOM FOR YOUR BUSINESS On our platform, you gain true independence: sell digital assets, physical goods, or services without intermediaries or inflated fees. Reach a global audience with the support of crypto payments, while flexible terms let your business grow on your own rules.
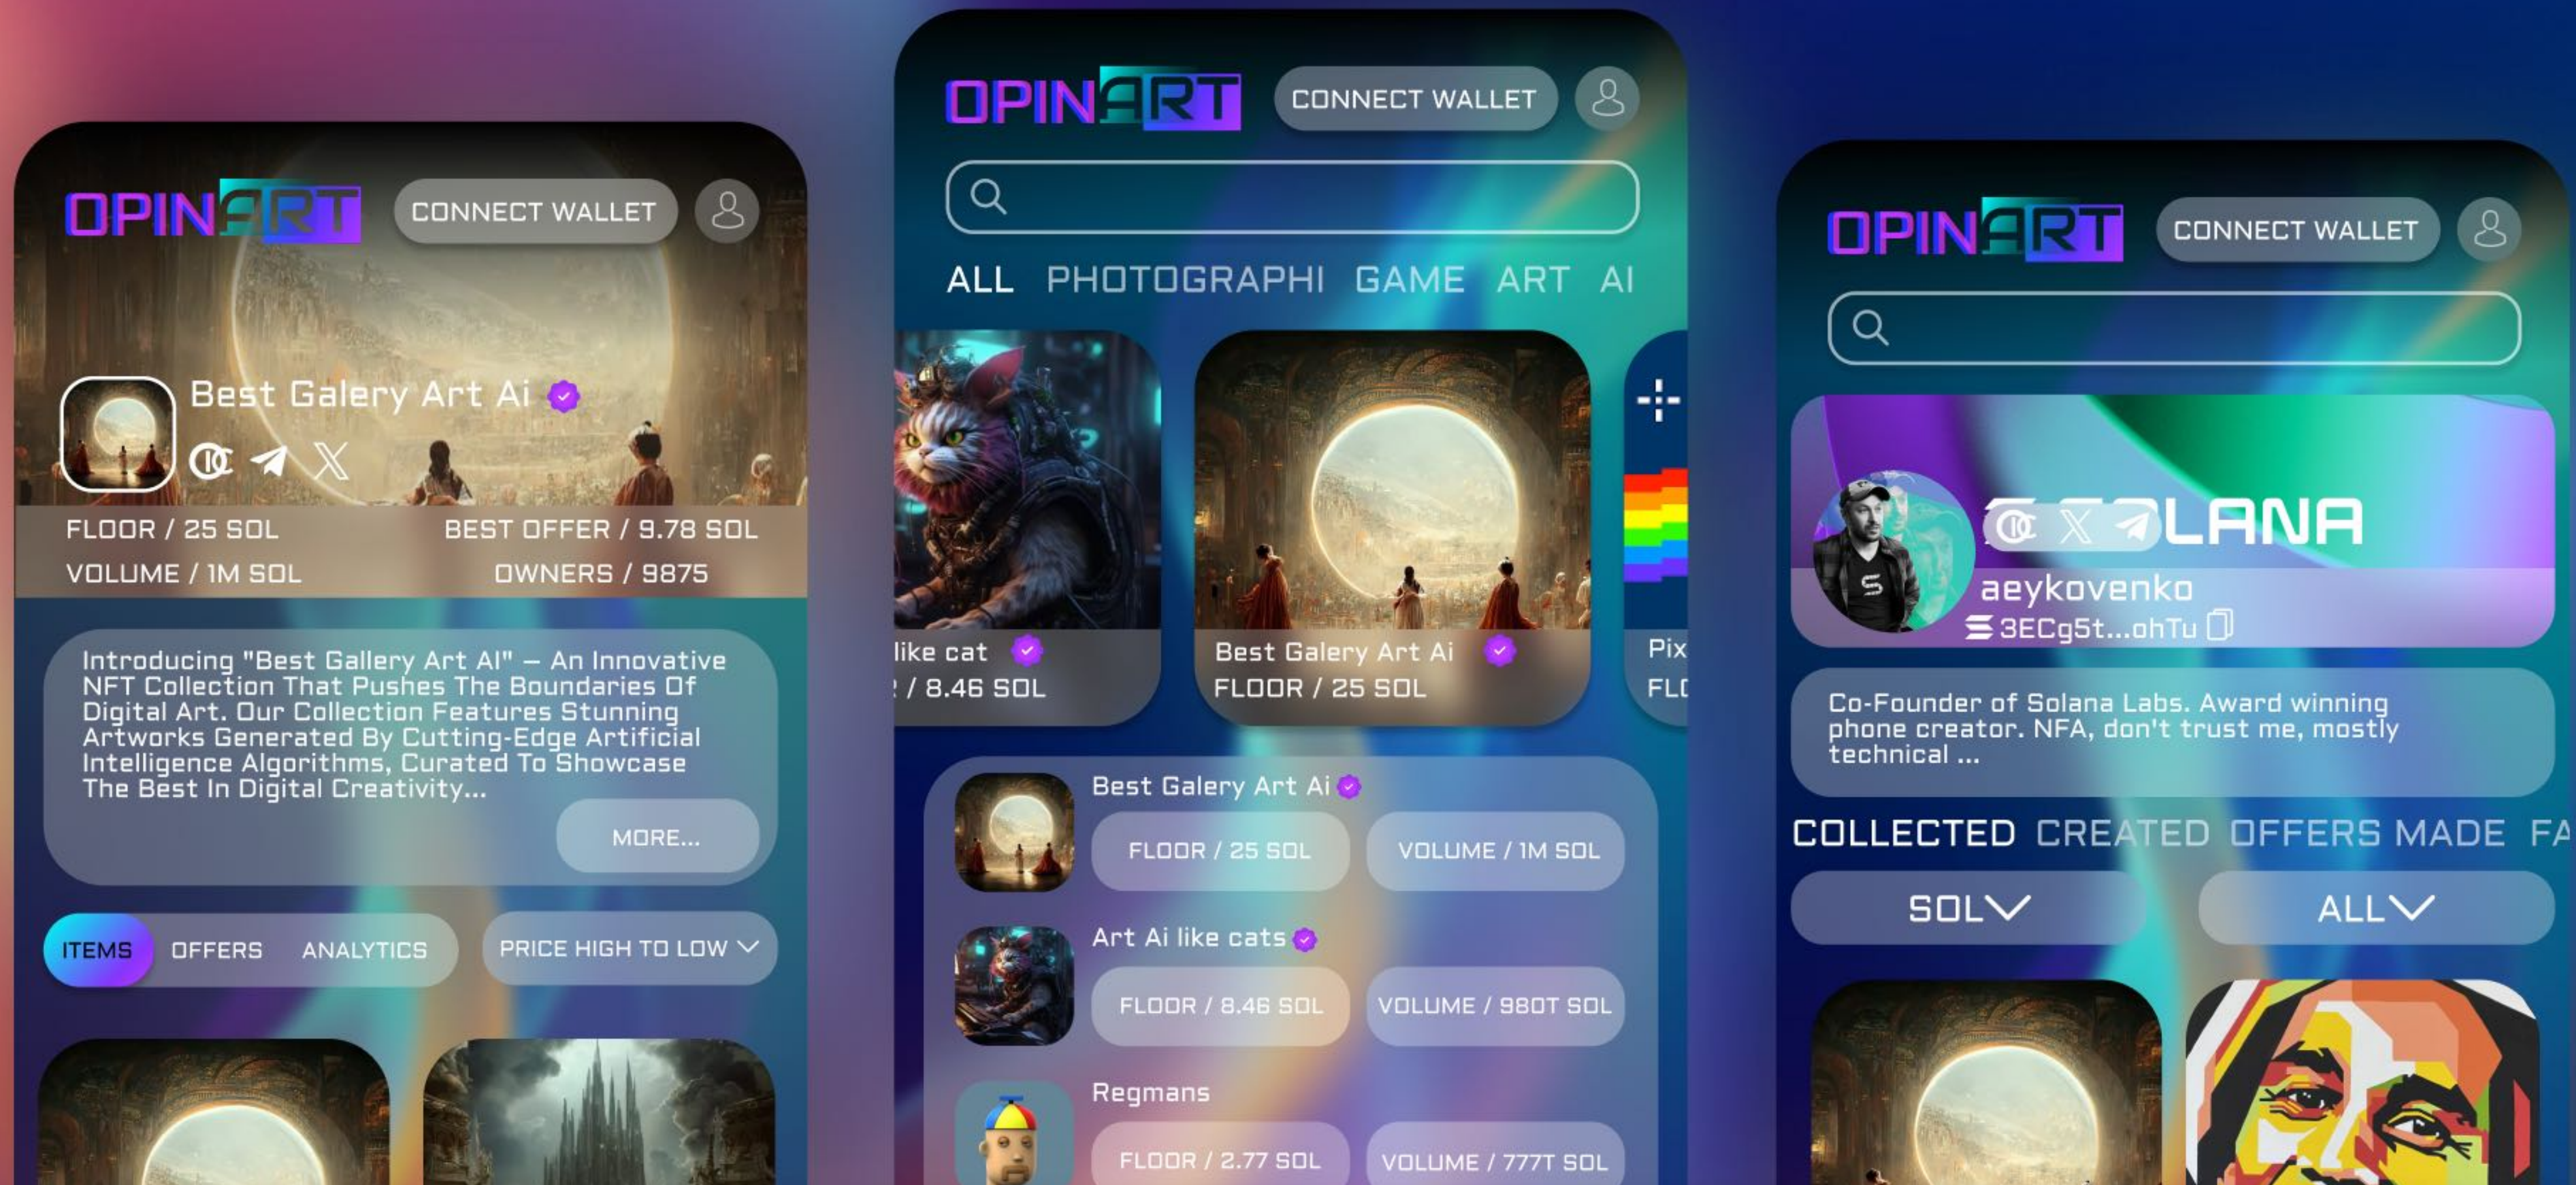

TRUST AND SECURITY FOR BUYERS Opincur ensures the reliability of every transaction. Smart contracts guarantee that terms are met, and funds remain protected until the deal is complete. A transparent dispute resolution system builds trust between sellers and buyers.

OPINCUR: WEB 3.0 AT YOUR FINGERTIPS Your business conquers cyberspace, opening doors to a world without borders!

OPIN.ART

ART OF CREATION AND APPRECIATION

A NEW ERA OF DIGITAL CREATIVITY AND TOKENIZATION

VISIT OPIN.ART   **CREATE NFT PROJECT**

IN THE DIGITAL AGE, NFTS ARE NO LONGER JUST COLLECTIBLES they are becoming essential tools in art, gaming, and decentralized ecosystems. **OPIN.ART** is an innovative marketplace that connects artists, collectors, and game developers in a unified Web3 ecosystem.

WE DON'T JUST SELL DIGITAL ASSETS we create new opportunities for content tokenization, making NFTs useful, liquid, and easily integrated into various industries.

OPIN.ART platform for creativity, where artists and collectors can tokenize their works, and developers can integrate NFTs into their projects, expanding the possibilities of Web3.

OPINPLAY A tool that connects games with Web3, enabling gaming studios to transform in-game assets into NFTs and unlock new opportunities for players and developers.

OUR MISSION is to become the go-to platform for content tokenization, providing powerful monetization tools for artists and game developers alike.

OPIN.ART

THE CREATIVITY OF THE OPINCUR ECOSYSTEM
ART OF CREATION AND APPRECIATION

A NEXT GENERATION NFT MARKETPLACE

- **LOW FEES** only 2% per transaction.

- **NFTS WITH REAL UTILITY** are not just digital images, but assets that can be used in games, provide access to exclusive content, and also enable the tokenization of your assets and creativity.

- **ADVANCED NFT COMPRESSION TECHNOLOGY** reduces NFT minting costs by 10x, allowing artists to create large-scale collections with minimal expenses.

- **SUSTAINABLE CIO TOKEN LIQUIDITY** 50% of all fees are allocated to the **F.B.C.-** FUND BUYBACK CIO, ensuring steady demand, driving token value growth, and strengthening its market position.

AT OPIN.ART, EVERYONE BECOMES PART OF THE MOVEMENT. We are open to ideas, collaborations, and new formats — there are no unnecessary rules here, just space for your creativity. Upload your work in just a few clicks and create an NFT in minutes. Tell the world your story — through images, colors, and ideas. Share your art, inspire others, participate in community projects, and open new horizons. You set your own terms and author's share from sales, keeping full control over the value of your ideas.

Your idea deserves to be heard. If you need help with creation, launch, or promotion, **THE OPINCUR TEAM IS ALWAYS HERE TO SUPPORT YOU AND HELP BRING YOUR VISION TO LIFE.**

OPINPLAY
THE FUTURE OF GAMING NFTS AND CONTENT TOKENIZATION

OPINPLAY is a platform that helps developers create games for the Web 3.0 metaverse. We simplify asset tokenization through NFTs, enabling your projects to become part of an interconnected digital universe, enhancing player engagement and unlocking new revenue streams. With us, you can focus on creativity while we support your journey.

WITH OPINPLAY, YOU CAN TRANSFORM in-game items, characters, and other elements into NFTs that players can own and trade. Our ecosystem allows these assets to function across different games, and our vibrant community helps promote your projects, making them stand out in the metaverse.

OPINPLAY ALSO OFFERS optional publishing services to bring your games to global platforms. We handle distribution tasks, allowing you to focus on creativity. This additional support helps expand your project's reach.

WE'RE WITH YOU EVERY STEP OF THE WAY, providing technical assistance and access to our ecosystem. Contact us at **info@opincur.com** to learn how OPINPLAY can integrate your game into the Web 3.0 metaverse and help it shine.

GAME API

GAMEAPI

SIMPLE TOKENIZATION FOR YOUR GAMES

GAME API is a user-friendly tool that integrates Web 3.0 into your games. It allows you to create unique NFTs from game assets like weapons, skins, or characters, enabling players to own and trade them. This makes the game more engaging and appealing to your audience.

DESIGNED FOR SIMPLICITY, the API seamlessly connects to Unity, Unreal Engine, and Godot. Leveraging the Solana blockchain, it ensures lightning-fast transactions with low fees. You can add tokenization to your game without complex setups, staying within your familiar development environment.

THE GAME API HELPS PLAYERS IMMERSE THEMSELVES DEEPER IN THE GAME through ownership of digital assets. This creates an emotional connection, as players value their unique NFTs that can be used in the metaverse. Your projects become part of a new era of gaming possibilities.

OUR USER-FRIENDLY APPROACH MAKES TOKENIZATION ACCESSIBLE AND EXCITING. OPINPLAY can help you to bring your game to market with the backing of our community. Contact us at **info@opincur.com** to start creating captivating games in the metaverse.

10 BILLION CIO

CIO HALVING SYSTEM

TOTAL AIRDROP EMISSION 2.000.000.000 CIO

AIRDROP EMISSION	CREDITED	HALVING
2.000.000.000 CIO	0%	1 CIO/H
1.000.000.000 CIO	50%	0.5 CIO/H
500.000.000 CIO	75%	0.25 CIO/H
250.000.000 CIO	87,5%	0.125 CIO/H
250.000.000 CIO	93,75%	0.0625 CIO/H
125.000.000 CIO	96,875%	0.03125 CIO/H
•••	•••	•••

THE OPINCUR AIRDROP FEATURES A HALVING SYSTEM a mechanism that gradually reduces the hourly reward as more tokens are distributed. Currently, the rate is 0.5 CIO/hour, but once 75% of tokens have been distributed, it will decrease to 0.25 CIO/hour, then 0.125 CIO/hour, and so on until 99.9% of tokens have been allocated.

THIS SYSTEM CREATES NATURAL DEFLATION, increasing the value of early participation. Those who join now have a greater opportunity to accumulate tokens before earning becomes more challenging.

To learn more about CIO and its economic model, read our Tokenomics

CIO TOKENOMIC
THE POWER OF THE OPINCUR ECOSYSTEM
10 BILLION CIO

CIO IS NOT JUST A TOKEN. It is a key element of OPINCUR's decentralized economy, embedded in every process and every platform — from trading and business to creative and gaming solutions. It doesn't exist separately: CIO functions within the system, reflecting its growth, activity, and evolution. Holding CIO means real participation in the ecosystem, where value is created collectively, not distributed through centralized control. This is more than a digital asset — it's your contribution to a next-generation platform, where each token becomes part of an economy built to serve those who are part of it.

- **10 BILLION TOKENS.** We deliberately limited the supply to ensure each CIO retains real value. No inflation, no re-issuance, no dilution. Moreover, once the unlock period ends, CIO becomes a truly deflationary asset: the supply only decreases, while demand continues to grow.

- **CIO IS A DEFLATIONARY ASSET** because its supply is not only capped, but continuously shrinking. 50% of the entire OPINCUR economy — including revenues from all our platforms: OPINDEX, BUSINESS ALLIANCE, OPIN.ART, OPIN.PLAY, and future projects — is automatically directed to the F.B.C. Special Fund. From there, we regularly buy back tokens on the open market and permanently remove them from circulation. After the unlocks end, no new CIOs will ever be issued, and with each buyback, the total supply becomes smaller. This creates increasing scarcity: the more active the ecosystem, the higher the demand — and the more valuable each token becomes.

CIO TOKENOMIC
THE POWER OF THE OPINCUR ECOSYSTEM
10 BILLION CIO

THIS IS OUR TOKEN DISTRIBUTION FOR CIO, designed to reflect our strategy of building a fair and sustainable economy in WEB 3.0. Every aspect of the distribution is thoughtfully crafted to align with the interests of all participants—from users to partners. We aim not only for growth but to create an ecosystem where everyone can contribute, benefit, and grow together with us.

LIQUIDITY
20%& LISTING

OBJECTIVE ENSURING SUFFICIENT LIQUIDITY FOR A SUCCESSFUL PROJECT LAUNCH AND GROWTH, AS WELL AS MAKING THE TOKEN ACCESSIBLE ON EXCHANGES.

- **LISTING ON DEX** Liquidity will be gradually added to the decentralized exchanges, ensuring stable trading conditions and a smooth liquidity increase.

- **LIQUIDITY ON CEX** After the DEX listing, a portion of the liquidity will be redirected to centralized exchanges (CEX), expanding token accessibility to a wider audience and enhancing overall liquidity.

- **LIQUIDITY MANAGEMENT** To stabilize liquidity in response to high demand, a liquidity management strategy will be implemented to maintain price stability and prevent sharp fluctuations.

- **MARKETING & PARTNERSHIPS** Active marketing campaigns and strategic partnerships will focus on attracting users, generating demand, and maintaining liquidity across all platforms.

- **LIQUIDITY STABILITY & FLEXIBILITY** We are committed to building a sustainable ecosystem where liquidity is maintained at all key growth stages. A flexible liquidity management approach will allow us to adapt to market changes, preventing sudden price swings and ensuring stable access for users.

CIO TOKENOMIC
THE POWER OF THE OPINCUR ECOSYSTEM

+50% ECOSYSTEM'S PROFITS

10% F.B.C

FUND BUYBEACK CIO

CIO RESERVE FOR STABILITY AND GROWTH

F.B.C. represents 10% of the total CIO token supply, strategically allocated to ensure the long-term stability and sustainable growth of the OPINCUR ECOSYSTEM, benefiting every participant.

- **PRICE SUPPORT AND VOLATILITY REDUCTION**
  50% OF THE OPINCUR ECOSYSTEM'S PROFITS ARE DIRECTED TOWARDS THE REGULAR REPURCHASE OF CIO TOKENS from the market and their secure holding within the F.B.C. This mechanism creates consistent demand, potentially supporting the price of CIO and mitigating market volatility, a key advantage for all holders.

- **LONG-TERM SUSTAINABILITY RESERVE: THE F.B.C.**
  serves as a fundamental reserve to ensure the project's long-term sustainability. Maintaining a significant volume of CIO within the reserve reinforces confidence in Opincur's ability to navigate market fluctuations and thrive in the long term.

- **FACILITATING FUTURE DEVELOPMENT**
  A small portion of the reserve (up to 10%) may be utilized exclusively in critical situations that threaten the project's stability, with mandatory and public notification to our community and investors. The F.B.C. is not the primary source of development funding.

THE F.B.C. acts as a guarantor of stability and growth potential for CIO. Regular buybacks support the price, and the reserve ensures the project's resilience. Transparent operations foster trust. The F.B.C. is our core reserve, ensuring stability and fostering the long-term growth of CIO's value and the OPINCUR ECOSYSTEM.

OPINCUR IS OUR SHARED WAVE. The OPINCUR APP is your gateway to cyberspace, where we're building the future together. We've designed the withdrawal system to be fair and transparent for every one of you—those who stand with us, side by side.

EACH MONTH, WE'LL OPEN A POOL OF CIO TOKENS FOR WITHDRAWAL. Right after the listing, 100 million CIO will be available. You can withdraw between 4,000 and 100,000 CIO per request. If the pool runs out, withdrawals will pause until the next month, when a new pool opens with a fresh supply of tokens. Once the pool closes, all requested tokens will be credited to your wallet—simple and secure.

WE BUILT THIS SYSTEM to grow together, ensuring balance and giving everyone a chance. With OPINCUR, we're creating a wave of change in cyberspace, and you are its heart.

DEX

CIO LISTING 2025/2026

WE ARE BUILDING OPINCUR as a full-fledged Web3 ecosystem, where the CIO token is not just a digital asset, but a core element of a new digital economy. That's why listing on decentralized exchanges is not a spontaneous move — it's a carefully calculated step we are preparing by considering every factor: from market conditions to product maturity and strategic partner interest.

WE'RE TARGETING THE 2025-2026 PERIOD as a window of maximum opportunity. We will launch CIO on DEX when the market cycle, demand for Web3, and the strength of our ecosystem align — creating the perfect environment for a sustainable and powerful debut.

EVERYTHING WE BUILD – WE BUILD WITH YOU. The support of our early community gives us more than confidence — it shapes the spirit of OPINCUR. You're not just spectators, you're co-creators. On listing day and every step before it, you remain at the heart of what we're building.

WE ARE OPEN TO PARTNERSHIPS with funds and private investors at this stage. If you share our long-term strategy and believe in the potential of the OPINCUR Web3 ecosystem, now is the most strategic time to come on board — before the listing. We offer transparent terms, direct engagement, and a project that values substance over hype, and delivery over promises.

STAY TUNED. We're doing everything to make this move not just a market event — but a powerful signal: **OPINCUR IS READY FOR THE NEXT BIG LEAP.**

CIO TOKENOMIC

10 BILLION CIO

CEX

CEX LISTING
GLOBAL SCALE

LISTING ON CENTRALIZED EXCHANGES is not just a development milestone — it's a core element of our long-term strategy, focused on scaling and institutional recognition.

FOLLOWING A SUCCESSFUL LAUNCH ON DEX and confirmation of the CIO token's market resilience, we will be ready to enter negotiations with leading centralized exchanges. This step will unlock access to global liquidity and millions of users worldwide.

OUR GOAL is not simply to "get listed." We are deliberately building a strong market position, developing our economy, products, and community to meet the highest standards of global players.

WE DON'T OVERLOOK THE DETAILS WHEN WE SEE THE BIG PICTURE. Every stage of development is carefully planned, allowing us to move with confidence toward seamless integration with major exchanges and long-term project stability.

OUR PRIORITY is reliability, trust, and transparency. We understand the expectations of top-tier exchanges and are preparing the project so that its integration into the global ecosystem is precise, well-structured, and technically sound. OPINCUR won't just appear on major exchanges — it will be ready to scale and grow globally.

ECOSYSTEM
THE OPINCUR ECOSYSTEM
WEB 3.0

THE WORLD OF WEB 3.0 is brimming with incredible possibilities, yet it can feel vast and unfamiliar. OPINCUR is here to be your trusted partner in this space—a place where you instantly feel at home. It's more than just an interface; it's a foundation built for you to settle in with ease. Everything is intuitive, secure, and free from unnecessary clutter.

THE OPINCUR ECOSYSTEM is a space you can fully rely on. It's strong enough to support any of your ideas and endeavors, giving you the freedom to create and bring your visions to life, because the path to realizing them is clear of unnecessary complications and unexpected costs. Your energy, your inspiration—that's what truly matters here, and nothing extra will distract you from what's most important: your dreams, the things that genuinely ignite your passion, and the journey you choose to take.

YOU ARE OPINCUR – OPINCUR is merely a potential, waiting for its moment to shine. It's you who brings it to life. Your projects, your interactions, every action you take here—that's the pulse and warmth of OPINCUR. You're not just using a platform; you become its essence, transforming technology into a living, breathing community. Here, you never feel lost; you feel your undeniable importance. Every voice isn't just heard—it shapes our shared space. This is a place where growth comes naturally, where support is ever-present, and where you feel a deep connection with others.

OPINCUR.TOMORROW,TOGETHER. is more than a phrase. It's our shared journey into the future of Web 3.0, one we pave together. It's a path where you're never alone, supported by a reliable community and a solid foundation. By joining OPINCUR, you're not just choosing a platform; you're finding your natural home in this new world. A home where you can be entirely yourself, where together we create something truly meaningful, and where the future belongs to you—to those who build it together, right here, in OPINCUR.
